

FlashScan-Edge™

Cutting Edge Furniture for Your Library

Introducing the most ergonomic, sleek, sexy and COOL furniture for your FlashScan™ system.

It was custom designed to take advantage of the small FlashScan™ form-factor, yet provide stability and convenience for your patrons.

Made out of solid steel, the stand is sturdy enough to withstand your everyday use and abuse by the patrons; with scratch resistant coating baked in. All wires are safely hidden from view in specially designed internal “ducts”.

Your patrons will love this stylish and elegant cutting-edge design that brings your library into the forward-looking world.
